

Thank you so much for the entertaining visit this afternoon.
My grandson, D. really enjoyed your visit. You could see him laughing!
You really lifted his spirits.

D. is a regular at St Barnabas. He is being treated for a Wilms tumor,
a pediatric kidney cancer. He has been undergoing treatment since he was 10 months old.
His prognosis is good. So please check in whenever you are planning a trip our way.

Thank you again.
